If you like action movies, epic fantasy stories, etc , you are probablygoing to love this movie.

The interaction between the main characters, themix of dark story lines, and the humor suburb.. I'm actually looking forward tothe sequel if it is in the making I would recommend it to anyone, don'tbelieve the reviews they're just talking rubbish.. I like it and I watched those long month ofthe soaps enjoy I did I would like to see what the sequel holdfor us.. It's too bad they just didn't market it enough for a Western audience A lot of people will probably just bump into this movie late at nightat one time or another and be pleasantly surprised.. Reviewed by M4R71N 8/10 Okay, it's not exactly 'Lord of the Rings' but it's not as bad as thereviewers here say it is.. People complaining about lack of depth andchange in characters, most of them are deities so what do you expect. e10c415e6f
